CODE SECTION: Administrative Policy and Procedure

TOPIC: Electrical Inspections for alternative power generation systems.

PURPOSE/REASON: A new inspection code should be created for all alternative power generating systems including but not limited to: photovoltaic systems, wind turbines, and fuel powered generators and all inspections to be performed by electrical inspectors or by inspectors who have been trained and qualified for these types of systems.

INTERPRETATION: Accepted as proposed and a new 227 inspection code shall be made available for all new technologies of power generation.

Approved: Chris Knight, CBO
